

5 Continents: Trails Into the Unknown

Spoon. ORIGINAL PHOTO BOOK

Travelling the continents, I observed many roads, landscapes, and people.
Now when I look through this box of photos, I realise that this whole time I was really looking at Earth.
It's strangely wondrous how the cars start to look more like space capsules exploring this planet that we call home.

— Mikiya Takimoto (Photographer)

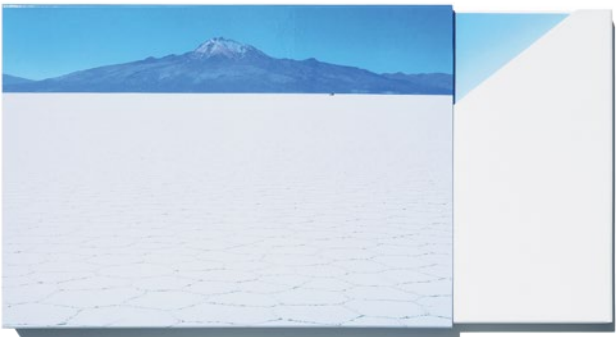

Photo Book Contents

"5 Continents: Trails Into the Unknown" is a visual documentation of a 5-year-long road trip exploring the vast and wonderful landscapes of planet Earth.

Find your own journey in the deliberately unbound pages of selected photographs by Mikiya Takimoto and his former assistants.
